

Harsh Kumar Vyas

Full Stack Developer | MERN Stack Developer | React-Native Developer

harshvyas0803@gmail.com • +91-8688913225 • [GitHub](#) • [Portfolio](#) • [LinkedIn](#)

1. Experience

- **5TECHG LAB LLP (Front-end Developer)** 20 Sep 2024 – 10 Dec 2024
 - Collaborated closely with the founder to bring projects to life—programming and deploying the company’s landing page based on pre-designed **UI/UX** specifications.
 - Enhanced **animations** and **visual appeal** for multiple static websites, elevating user experience and engagement.
 - Designed and developed a key component for a **cylinder management** web application using **React** and **Redux** (with Redux Thunk) and created the front end for a **property listing** website emphasizing **responsive design** and **user-centric functionality**. Also utilized **Git** for source code management.
 - **Letter of Recommendation:** [View Letter](#)

2. Skills Summary

- **Languages:** C, Java, Python, JavaScript, SQL
- **Frameworks:** React, Next.js, Express.js, React Native
- **Developer Tools:** Git, GitHub, VS Code, Docker, Postman
- **Libraries:** Redux, Framer Motion, GSAP, Shadcn-UI
- **Styling Tools:** Tailwind CSS, Bootstrap, Material-UI
- **Web Technologies:** Nodejs, WebRTC, Socket.IO, JWT, REST-API
- **Database Management:** MongoDB, MySQL

3. Projects

- **Hub - A Blog Website** [GitHub](#) • [Live Demo](#)
 - Developed a full-stack blog platform using the **MERN stack** (MongoDB, Express, React, NodeJs).
 - Enabled full **CRUD operations** along with **like/dislike** and **comment** functionalities.
 - Designed a modern, responsive UI with a custom loader for an enhanced user experience.
- **TacTix - Multiplayer Tic Tac Toe** [GitHub](#) • [Live Link](#)
 - Built a real-time multiplayer Tic Tac Toe game using **WebRTC** for peer-to-peer communication and **Socket.IO** for event synchronization.
 - Developed the frontend using **React** and styled it with **Tailwind CSS** for a responsive design.
 - Enabled seamless PvP interactions in a real-time gaming environment.
- **Taskvy - A To-Do App** [GitHub](#) • [Live Link](#)
 - Developed a cross-platform To-Do application using **React Native** and **Expo**.
 - Implemented intuitive UI components and smooth navigation for effective task management.
 - Leveraged key libraries including **@expo/vector-icons**, **@react-navigation/native**, **@react-navigation/bottom-tabs**, **react-native-paper**, and **react-native-reanimated** to build a modern, feature-rich mobile app.

4. Certifications

- Python for Data Science, AI & Development: IBM, July 2023 ([Certificate](#))
- React.js: MyGreatLearning, Sept 2024 ([Certificate](#))
- Digital Skills: User Experience: Accenture, Feb 2024 ([Certificate](#))

5. Education

- **Avanthi Institute Of Engineering & Technology**, Hyderabad, India November 2022 – June 2026
 - Bachelor of Technology in Computer Science Engineering (AIML); GPA: 8.0.
